

# Rooftop Package

| Model                          |       | RTHV500D3S        |
|--------------------------------|-------|-------------------|
| Capacity                       |       |                   |
| Cooling Capacity               | kW    | 51.0              |
| Heating Capacity               | kW    | 56.2              |
| Electrical Data                |       |                   |
| Power Supply                   | -     | 380-415V 3N~ 50Hz |
| Cooling Power Input            | kW    | 16.5              |
| Heating Power Input            | kW    | 15.5              |
| Max. Power Input               | kW    | 25.0              |
| Rated Current                  | A     | 42                |
| Sound                          |       |                   |
| Sound Pressure Level           | dB(A) | 68                |
| Refrigerant                    |       |                   |
| Refrigerant Type               | -     | R32               |
| Refrigerant Weight             | kg    | 7.0+7.0           |
| Air Flow                       |       |                   |
| Air Flow Volume                | L/s   | 2,640             |
| Pressure                       |       |                   |
| External Static Pressure       | Pa    | 100               |
| External Static Pressure Range | Pa    | 200/320           |
| Dimension                      |       |                   |
| Outline Dimension(W×D×H)       | mm    | 2850×2240×1240    |
| Weight                         |       |                   |
| Net Weight                     | kg    | 910               |
| Gross Weight                   | kg    | 960               |
| Loading                        |       |                   |
| Loading Quantity               | 40'HQ | 8                 |

- ✓ Inverter Compressors
- ✓ R32 Refrigerant
- ✓ Black Fin Coil Protection
- ✓ Central Control and BMS Interface Capabilities
